WORK EXPERIENCE

Integration Data Analyst
Vacasa, Remote (TX) | February 2022 – Present
- Proficient in data analysis and interpretation, contributing to enhanced company profitability with a thorough breakdown of reservation finances and calculation of advance deposits for the revenue and finance/accounting department
- Skillfully extracted reservation and financial reports, showcasing a deep understanding of data mining and retrieval to help several stakeholders make informed decisions while juggling multiple deadlines and ad-hoc tasks
- Efficiently compiled, cleaned, and managed reservation/financial data to ensure optimal guest and homeowner experience by uploading the data into company's internal system for other departments to manage reservations
- Leveraged historical financial data analysis to support the Revenue Rates team in making informed decisions.

Administrative Specialist
Vacasa, Remote (TX) | June 2021 – February 2022
- Managed daily finance reports processing and reservation payment collection, ensuring precise financial reporting and enhancing guest satisfaction.
- Employed decisive judgment to accomplish all financial and administrative duties with efficiency and meticulous accuracy.
- Utilized spreadsheet proficiency to execute tasks, maintaining a high standard of precision and organization.
- Supported financial accuracy by meticulously processing finance reports and overseeing payment collections.
